

misc reports

Mon, Mar 3, 2025

Christine Kennedy confirmed with the most recent Epic Upgrade we have access to **Misc Reports** tab within Chart Review. This tab has a lot of useful reports including:

MyChart Message Review Report: Displays all Connect communication sent to patients

Chart Review: Routing History: Allows us to audit any report sent via the "Route" button in the Imaging tab and confirm status

Future Appointments: Gives detailed information on upcoming appointments including the Department phone number:
